1. Connect the supplied security key to your computer's USB port.
2. Place the Geocentrix Software CD in your CD-ROM drive. The Browser (right) should automatically appear (if not, run **SETUP.EXE** from the CD's root folder).
3. Click on the text "**Click here to install Repute 2**" or the  to run the Repute installation.
4. When asked "Do you want to run or save this file?" click **Run**. If a security warning appears, click **Run**.
5. Follow the instructions on the welcome screen and then click **Next**.
6. Read and accept the license agreement and click **Next**. And then the program's Readme file and click **Next**.
7. Select the features you want to install, choose a destination folder, and click **Next**.
8. Click **Next** to install the application and **Finish** when installation is complete.
9. The HASP SRM Run-time Environment Setup program will start automatically and display the message "Please wait..." while it is running. Click **OK** when the operation has successfully completed.
10. When Repute first runs, you will be prompted to register the program. Enter your licence details (product, company name, PIN, and licence number) exactly as given on the label attached to the security key and click **OK**.

To learn how to use the program, we suggest you follow Tutorials 1-6 in the program's *Quick-Start Guide* (available in Adobe PDF format from **Start > All Programs > Geocentrix > Quick-Start Guides > Repute 2 Quick Start Guide**).
