LICENCE CONDITIONS FOR GEOCENTRIX SOFTWARE PURCHASE

1. Geocentrix Ltd is under no obligation to supply items ordered by the Licensee until such time as Geocentrix Ltd accepts the order (which it may do so by dispatching the items ordered) and has received payment in full for such items. If Geocentrix Ltd accepts the Licensee's order then, in consideration of the licence fee(s) paid by the Licensee, the Licensee shall have the right to use Geocentrix's software products ("the Software") upon the terms set out below.
2. The Software is licensed to the Licensee and not sold. The Licensee has an indefinite non-exclusive licence to run the Software subject to the following limitations of use. The Licensee shall not permit more than the number of persons indicated overleaf to use the Software at any one time. This licence is personal to the Licensee and accordingly the Licensee may not transfer it or sub-licence the Software to any third party. As is normal with software, the Software is not guaranteed to be bug or error free.
3. This licence does not permit the Licensee to copy the Software other than to run it which includes the right to make one copy for backup purposes. The Licensee may not adapt it nor modify it in any way nor reverse engineer it except to the extent that reverse engineering may not lawfully be prevented. The Licensee may merge the Software with other software only to the extent strictly necessary to integrate it into the operating systems used on the Licensee's computers. The Licensee must promptly update its copy and any backup copy of the Software upon receipt of any updated version or modification although there is no obligation on Geocentrix to supply any updated version or modification.
4. The Licensee must not alter or remove any copyright or other notice or trade mark or name from the Software or any materials accompanying it and must ensure inclusion of all such copyright and other notices, trade marks and names on any copy of the Software which the Licensee is permitted to make under this licence.
5. The Licensee must keep all copies of the Software and any accompanying materials secure, maintain proper records of their locations at all times and ensure that no third party gains access to them. The Licensee must keep the information contained in the Software and such accompanying materials confidential, save to the extent that such information is now or subsequently becomes public knowledge (except through breach of the Licensee's obligations under this licence); or if the Licensee can show that such information was known to the Licensee prior to receiving it directly or indirectly from the Software; or such information is disclosed to the Licensee by a third party free of any restrictions on disclosure and use.
6. Geocentrix may terminate this licence forthwith by a notice in writing if the Licensee commits any material breach of its provisions and in such case the Licensee must immediately cease to use the Software and must return all copies thereof together with all accompanying materials to Geocentrix certifying that the Licensee has done so. This licence will also terminate automatically if the Licensee purports to transfer it or to sub-licence the Software to any third party.
7. THE LICENSEE MUST PROMPTLY COMPLY WITH ALL RECOMMENDATIONS, INSTRUCTIONS AND WARNINGS RELATING TO THE SOFTWARE FROM TIME TO TIME GIVEN TO THE LICENSEE BY GEOCENTRIX OR CONTAINED IN THE SOFTWARE OR THE ACCOMPANYING DOCUMENTATION, AND HAVE DUE REGARD TO THE LIMITATIONS ON THE USE OF THE SOFTWARE SET OUT IN SUCH DOCUMENTATION.
